Learn Norwegian: Level 1 Introduction To Norwegian, Volume 1: Lessons 1-25

Synopsis

This audiobook will take you through the basics of Norwegian with Basic Bootcamp, All About, and Pronunciation lessons. The five Basic Bootcamp lessons each center on a practical, real-life conversation. At the beginning of the lesson, we'll introduce the background of the conversation. After the conversation, you'll learn carefully selected vocabulary and key grammar concepts. Next, you'll hear the conversation one time at natural native speed. Finally, practice what you have learned with the review track. In the review track, a native speaker will say a word or phrase from the dialogue. Repeat the words and phrases you hear in the review track aloud to practice pronunciation and reinforce what you have learned. In the 15 All About lessons, you'll learn all about Norwegian and Norway. Our native teachers and language experts will explain everything you need to know to get started in Norwegian, including how to understand the writing system, grammar, pronunciation, cultural background, tradition, society, and more - all in a fun and educational format! The five Pronunciation lessons take you step-by-step through the most basic skill in any language: how to pronounce words and sentences like a native speaker. You'll go from basic concepts to advanced tips and will soon sound like you've been speaking Norwegian your entire life. Customer Reviews

I should have checked the website before purchasing. The audio does not appear to be available. Without it, this product is useless, as it doesn't provide pronunciation guidance.
