Very well done game guide/walkthrough manual for Andromeda. I use it to help me build up a better character and gain knowledge on the vast selection of upgradable stats for the characters and hardware in game. Excellent guide!

This guide is helpful if you are trying to 100% Mass Effect: Andromeda. There are a few secrets on planets and in vaults that sometimes escape the eye, this guide helps you catch them.

Guide is helpful and been able to use it without trouble. Enough information to get me unstuck in game.

A fantastic game guide. Just what I needed.

I am a Mass Effect die hard fan, so I had no problem overlooking some of the weaker aspects of the game. The book covers everything, I found it slightly confusing, thought it might be organized a bit 'tighter'. Perhaps putting all quests from a game phase together, or everything by planet. Any way love the game love the guide.

It's a very good guidebook, all the primary AND secondary type quests are covered.

great help in solving the stupid puzzles in this game

GOOD
