Greyson Gray: Fair Game (The Greyson Gray Series) (Volume 2)

Synopsis

"Adventure" from the time you open the first page..." - Kathryn Bennett, Readers Favorite

Buckle in! The award-winning series cranks up the intensity with more action, more humor, and more romance as Greyson and his lovable friends discover the world is far more complicated and the terrorists far more sinister than they ever imagined. After thwarting a major terrorist attack, the twelve-year-old secret savior of thousands, Greyson Gray, is given a new identity and forced into seclusion to hide from the Eye of Eyes - the most wanted man in the world and the leader of a rising terrorist group trying to divide the United States. But Greyson can only be secluded so long. Drawn toward suspicious activity at the massive Iowa State Fair, Greyson and his faithful friends uncover a plot even more insidious than before - one that threatens the fibers of the nation and possibly the next president of the United States. For Greyson, everything is on the line - his father's whereabouts, his relationship with Sydney, and the lives of everyone he loves. With new weapons, a new rival in love, and new enemies, there's no holding back. It's all fair game. Threaded with witty, sarcastic humor and gritty suspense, Fair Game puts you in Greyson's shoes not only as he battles evil in thrilling chases, but also as he deals with his awkward first crush, menacing bullies, and the loss of his father. Parents will especially love Greyson's moral compass - his daring drive to do what is right even when it's hard. Many say this is a boy book, especially for boys ages 9-12 (preteen). But, while it's true that boys who enjoy spy or detective books with plenty of action and adventure, a dash of mystery and a heaping of humor will love this book, girls have proven to love it, too! They love the feisty and capable Sydney, the budding romance, and the horse chases along with everything else the boys like! Even adults enjoy the nostalgia, witty humor, and the light-hearted action. The adventure only gets more epic from here. Continue today!

_____ "From Readers' Favorite by Kathryn Bennett "The adventure is spot on..."...pulse-pounding..."...adventure from the time you open the book until the last page..."...well written..."...everything I like to see in a young adult book..."...perfect reading..."...highly recommend..." _____ "From Kirkus Reviews: "...not everything is neatly resolved..."...impressive, tireless pace..."Readers who liked Greyson's first adventure will be more than happy with this latest outing."

Interview with the Author Q: Why should someone start the Greyson Gray Series? A: The series is just basic fun. In Camp Legend, you fall in love with the quirky characters, their witty humor, and their admirable leader who reminds many of Indiana Jones - with a signature look, daring confidence, and a knack for trouble. Then, just when you get to know the kids, a spark is set to their world, erupting in an epic, dangerous adventure that threatens civil war. Even as the later books take Greyson and his friends into more intense action and maturity, there is still the humor and endearing qualities that keep you rooting for them to the end. It's the perfect entertaining mixture that readers love! Q: Why should parents get this series for their kids? A: It's clean and features an admirable hero worth emulating. The hero, Greyson, has something inside of him that wants to do what is right and good, no matter the costs. This urge drives him in all of his adventures, even when it's difficult to know what is right and good. Also, his signature red hat has a white G on it that even he doesn't know what it stands for; but when enough people ask him, he decides that it stands for Good. He will fight for it even when he doesn't know everything and even though he's only twelve. The youngest generation needs this tenacity for truth and goodness more than ever. Finally, it has intense action - but no gore. It has romance; but it's innocent and clean. It's also real - with real struggles and suffering. Greyson deals with a missing father, bullying, betrayal, girl-problems, and tough moral issues. At the same time, the series takes on many issues that are prominent in

today's America including: tolerance, drone warfare, surveillance, bitter politics, and religion. These topics will be great to discuss around the dinner table or in the car.

Q: What age is appropriate for these books?

A: I would let a public-schooled fifth grader read these books. Other parents may choose sixth or seventh grade while others may approve of younger kids. There are characters who die in suspenseful, intense action. There is no gore and no physical affection beyond light kissing. There is potty humor and use of the words "sucks," "frick," and "heck" (Book 3). It's also a great, nostalgic read for adults!

Q: What makes this series different than the rest?

A: Foremost, the series is set apart from many young adult books today because it is pre-dystopian. Many YA books are dystopian - meaning the country has already fallen and it is up to the protagonist to defy those that brought it down. This theme often leads to an entirely serious, almost depressing feel to the book. On the other hand, some YA books are entirely light-hearted, and readers never doubt that their beloved characters will come out on top. The Greyson Gray Series takes the best of both worlds, with light-hearted, lovable characters trying to prevent the collapse of the country. They have one foot in their hilarious childhood antics and the other in the adult world of purpose and desperation.

Besides that, the series has received loads of commendations for the biggest critics. But don't just take their word for it. Try it out yourself!

The action is relentless! Book 2 picks up where #1 left off and never slows down until the massive conclusion that will knock the reader's socks off! BC Tweed's character development of this cast continues to grow, and our title hero faces momentous decisions that the reader may not always agree with, but can lead to enlightening discussions.

This book continues the fantastic story of Greyson Gray from the first book, Camp Legend and never lets up with the action and the incredible character development. You cannot help, but to grow to love each character and care what happens to them. I look forward to as many books as the author has in him about Greyson Gray and his friends. I'd love to see a series of feature films as well.

Greyson and his group of friends continue to uncover and neutralize yet another terrorist plot, this time at the Iowa State Fair. The story moves along well and keeps you interested in what will happen next. Greyson continues to struggle with the fact that his father is missing and can't be contacted. He and his friends always try to do the right thing even though it may involve immersing

themselves in very dangerous circumstances. A good read especially for early teens,

I originally purchased Greyson Gray Camp Legend for a 6th grade read aloud. The kids couldn't wait until the next book was out, and now they're all getting it on their Kindles and iPhones! During study hall, there are "SPOILER ALERTS!" and constant chatter about the book - which I love! The kids say they like the sarcasm, humor and adventure. And now there's a bit of rivalry in the teen romance. So I bought the book on my Kindle and it's better than the first! The kids are right. It's hilarious and there's a HUGE twist (spoiler alert) at the end. I couldn't believe it....made me cry. I can't wait for the next book to come out to see how the author resolves this loss! Get the book. It's a fun read!

READ IT. Better than the 1st book. READ IT READ IT READ IT

I am 30 years old and I highly enjoy these books. The humor and characters are fantastic. The storyline is for kids and adults alike and I am looking forward to the next one! My son is starting to read the first one and so far so good!

Good read. But not sure it can be recommended for the younger crowd. Although there is a Christian theme in the storyline there is also a lot of violence.

Even better than the first book. B.C. Tweedt does an excellent job continuing the adventures of Greyson Gray. I enjoyed this book as much if not more than the first book. Well done. Looking forward to the next book!!!
