As an "80's baby" who grew up on Super Mario on the old Nintendo Entertainment System (NES), this book was so nostalgic for me. I remember using the old controller and playing until my thumbs

hurt, fighting against Bowser and all the other monsters in the game. I know this book isn't really for adults, but I loved it! I thought it was really creative and unique, and I understood all of the jokes in ways that no child of today, or even of 10-15 years ago would, and can't wait to break out some of those jokes to my other gamer friends in my age demographic. Back before technology was so great that you felt like you were "inside" the game... there was Super Mario... the original one... where you had to blow into the cartridge to get the game to play. Ahhh.... the good ole days!

The intro was interesting. Most appears to be recycled memes. Takes about 4 minutes to read. Jokes are half funny.

Just what the kid wanted.

It was funny but I didn't like the chapter how well do you know Mario some of the jokes/memes were hilarious others were meh.

This is a good book I like it a lot. I used one of the jokes from the book my son burst with laughter

Omg so funny I love this book it's awesome it's filled with memes, jokes and quizzes it's a great book

I thought this couldn't get funnier. I'm a huge super Mario fan so this made sense to me. I recommended this to all of my super Mario friends.

When I Got This Book I Was Laughing Reallllllllly Hard I almost died!!! I Thought it was so funny it made Me Burst Out Laughing
