The Please And Thank You Book (Little Golden Book)

Synopsis

A funny first book of manners, in rollicking rhyme! When Wanda Warthog comes over, beware! She leaves a trail everywhere. There's ink on the sofa, gum on the cat, Modeling clay ground into the mat. This collection of short, snappy poems about grabby gorillas, wild cats, sloppy pigs, sharing bears, and thoughtful elephants will have kids in stitches as they're reminded how "and how not" to behave!

Not on par with other little golden books; very disappointing

I grew up on the golden books and I had to buy it for my grandbaby. Thank you.

This is a wonderful book. It has small poems on each page describing the animal's (character)

behavior n mannerisms. So some poems describe good manners n vice versa. It's a great way to introduce good manners

I was fooled by the cover "please and thank you"... It does not teach my 19 month old any proper way of saying "please" or "thank you" in here. I thought it was a misprint at first with some poems/rhymes... I should have read the 1star reviews before purchasing this book. Quite disappointed :(

I loved the Little Golden Books as a kid. I bought this for a friend's three year old.

This is a great book to read to kids to teach them manners such as cleaning up after yourself, how to be a good guest, table manners, being courteous, etc. I read it to my son and when he sees other kids (or himself!) doing the bad behavior in the characters in the book does, he will name the character in the book. I have told some parents about this book, but they have responded that the book is "overboard". The basis for my review is that I believe in teaching my child to be overly courteous in a world that is becoming less and less and this book helps me with my goal.

the kids love this book

Good and educative book
