## Customer Reviews

"The author covers all of the latest trends in convenience cooking: sheet pan suppers, one-pot meals, foods baked in foil packets, and more. All recipes include nutrition information and labels identifying them as vegetarian, kid-friendly, or gluten-free...A must for anyone who struggles to find the time or energy to cook at home." *—Library Journal* "Those pressed for time or new to the kitchen will get the most out of Rhee's book. Though the concept of simple meals that come together quickly is not new, this book is a handy addition to the shelf." *—Publishers Weekly*

Chungah Rhee is the founder, recipe developer, and photographer of Damn Delicious. What began as a grad school hobby is now a top food blog, with millions of readers coming to her site for easy weeknight recipes and simplified gourmet meals. She lives and continues to cook non-stop in Los Angeles, with her baby corgi, Butters. Visit her at [damndelicious.net](http://damndelicious.net).

The first few days I had this, it sat on my nightstand and I read it like a romance novel. Finally, after 4-5 days, I've started cooking. There are some recipes that will seem familiar if you've followed Chungah on social media but still loaded with a bunch of new dishes so it doesn't appear to copy the site exactly. Although I consider myself a foodie and I love cooking, I'm a working mom so I don't have more than 30-45 minutes to devote to weeknight cooking. This book is perfect for me! I appreciate the pictures of each recipe and the notes are helpful, too. I'm beyond pleased with my purchase of this cookbook.

Everything this woman has ever made is delicious. My fiance has been making her recipes for a long time. I'm glad she got a book out. We've been big fans of her blog. Plus those little Corgi dogs are so cute.

Great easy-to-follow recipes. Chungah and Laura Vitale are my go-to when I want to present tasty, easy to prepare meals from appetizers to desserts.

We have discovered some lasting family favorites in this book, and I really appreciate that not a single one of them involve cream of (blank) soup. My kids literally beg me for the asparagus fries. If you love Chungah's blog (which I do), then I think you will enjoy her cookbook.

I love this book. I have made so many recipes from it already. The recipes in Damn Delicious: Super Easy Super Fast, are exactly that. Super Easy Super Fast and oh yeah very very delicious

I've just started using the recipes from this cookbook. So far, so Great!! Nice Photography, easy to follow and 3 for 3 on the recipes.

Nice cookbook - does not offer a ton of recipes beyond what's available online, but the pictures are nice & the recipes we've made have turned out well!

Nice cookbook, easy recipes w/ beautiful photo's. I follow Chungah's blog and was happy when her cookbook came out.
