Beyond Good And Evil: By Friedrich Nietzsche (Illustrated & Unabridged)

Synopsis

“Madness is something rare in individuals - but in groups, parties, peoples, and ages, it is the rule.” Friedrich Nietzsche, *Beyond Good and Evil* Your 'Beyond Good and Evil' by Friedrich Nietzsche eBook Report: A Unabridged (100% Original content) A Illustrated. A Working Table of Contents, Font adjustments & Navigation. A About ‘Beyond Good and Evil’ by Friedrich Nietzsche *Beyond Good and Evil: Prelude to a Philosophy of the Future* (German: *Jenseits von Gut und Böse: Vorspiel einer Philosophie der Zukunft*) is a book by philosopher Friedrich Nietzsche, first published in 1886. It draws on and expands the ideas of his previous work, *Thus Spoke Zarathustra*, but with a more critical and polemical approach. In *Beyond Good and Evil*, Nietzsche accuses past philosophers of lacking critical sense and blindly accepting dogmatic premises in their consideration of morality. Specifically, he accuses them of founding grand metaphysical systems upon the faith that the good man is the opposite of the evil man, rather than just a different expression of the same basic impulses that find more direct expression in the evil man.

Customer Reviews

The eBook and the version of the paperback showing the two eyes in a frame are not the Kaufmann translation. This translation is OK, but you should know that the product information is incorrect. Additionally, the two versions I refer to use ALL CAPS instead of italics. Nietzsche loves his italics, especially in BGE. It's like he's screaming every other sentence.

I used this book for an intro to philosophy course, but the readings were so good that I had to hold onto it for my own personal library.

It's a challenging read if you're used to 5th grade news writing or never read anything longer than a twitter post. Fred is definitely NOT a fan of the trophies for everyone mentality!

Translators notes are great. Nice copy.

Perfectly as described! Great Seller!

product was as stated and arrived on time

It is the first time that I've read one of Nietzsche's books, and I have to say that it is staggering. I will not claim I understood it all. It would take much more than casual reading for that, but even so, I cannot recommend it enough.

I bought this as a companion to the audio book. I always do that so that I can read certain parts as a listen to the book because it helps me understand. This book is too information dense to listen to for me however. The number of thoughts/ideas per sentence is just to high and I'm going to have to read this one without listening to it. Perhaps I will be able to listen to it when I'm done reading. He's a profound thinker and I personally find many of Nietzsche's arguments moving and "meaningful" to this day. If you are a philosophy nerd like me I'm sure that you will like the book but be warned for my feeble mind it cannot be take it in while driving.
