I was expecting a whole map of Oahu. Amazingly, this map does not include the portion of the island where we are staying: the Ko Olina Resort area is not on the map! The title of the map is misleading because it says Oahu and Honolulu. I would buy another map. Why not get one with the whole island.

Officially Oahu is referred to as The City and County of Honolulu. That certifies it as a big place, and when dealing with big places you need a big map. We know of none better than Rand McNally's. It doesn't matter if you're planning a circle island drive or just snooping around the docks this affordable resource will get you there and back.
