After all, food defines a destination and connects people to the land and cultural history. This full-color Kauai's restaurant guidebook stimulates your hunger for a taste of paradise, then takes you by the hand and helps you satisfy that craving. Marta Lane has been a Kauai-based food writer since 2010. She writes a blog at www.TastingKauai.com as well as articles for numerous publications statewide. Her husband, Daniel Lane, is a professional photographer whose images accompany her work. Together, the couple have eaten their way around the island, written hundreds of articles and compiled their favorites into this book. This insider's guide not only introduces you to great food, but the people behind it. The book is divided into five geographic zones, contains more than 100 color photographs and more than 110 listings, which range from food trucks to fine dining. Whimsical icons indicate price range, meal service, dress code and alternative diet options. A pink hibiscus highlights the best of the best.

Wonderful book. I got it for our vacation rental here in Hawaii and my guests really like it. The content is full of great info, describing many great restaurants. Marta Lane, takes people on farm to table tours around Kauai that I have heard are really fun as well as a great learning experience. She has now taken the next step in writing this comprehensive book in great and fun detail. Highly

recommend. I recommend of course reading it , but if you're on Kauai, keeping in the car with you so you'll always know where to eat.Aloha!

We ate better than we ever have on vacation thanks to this book. All the guess work was taken out of choosing where to eat every day. There is everything from food trucks to fine dining covered. Many of the restaurants use organic and local grown ingredients which is important to us. We ate every single meal at a place recommended in the book, and we were not let down once. We also took a food tour put on by the author of the book. We did the North Shore tour, and it was amazing. I highly recommend buying the book and booking a tour!

An overall introduction to restaurants, trucks and alternative options for dining, it omits numerous places we found on our own. I found Trip Advisor ratings from 1-50 restaurants more current. If you have access to WiFi, you do not need this book.

We recently returned from Kauai where we used this book extensively. It is so spot on and helpful. We tried many food trucks and local haunts and didn't have a single disappointing meal. A must have for visiting foodies.

Don't waste your money. It's a very commercial book. There are so many places that aren't listed that are worth seeing.

Hoped it would be a more in-depth commentary on the restaurants and the food that they served.

Just used this book every day on a 2 week trip to Kauai. Went to quite a few of the places critiqued and was never disappointed. Especially like that there are a variety of types and prices of restaurants reviewed.

Very informativel especially enjoyed reading about the chefs and their stories.
