Customer Reviews

This was so handy and easy to use. Love the way the book is organised by areas of the cities.

Really liked the foldout map with the color-coded walking only streets. The book fit easily into my purse. The travel tips in the back, specific to Budapest were spot on and very helpful. Having the book added a lot of confidence for us navigating a big city on our own. Will most definitely be buying similar Top 10 books for other travel destinations.

This Top 10 Guide is another winner and was an essential companion on our 5-day trip to Budapest in April. The recommendations and options were spot-on. We carried it everywhere we went during the daytime, and as a result often found hidden gems while on rambling walks through the various sections of Buda and Pest. The high-quality photos make finding things so much easier, and now serve as a great reminder of our time in this amazing city. The Gellert Baths (on the cover) are an experience not to be missed—although friends said that all the baths in Budapest are worth a visit, this is really a special experience. Another great Budapest experience was drinking late into the night with locals at the cool ruin bars, several of which are listed in the book (and then you can ask locals for the others to visit - the 'hot' ruin bars seem to change regularly and by season). By visiting the Top 10 sites, walking most places or taking public transportation, you'll have a magical trip.

It's a fantastic overview of what to see and do in Budapest. It's compact and yet full of information. The pull-out map is very handy, too. I like the entire DK Eyewitness Travel book series.

You can't go wrong with this series. We used the TOP 10 for other cities and it really helps figure out what is what, essentials to know before you go. Anyone going to Budapest should get this.

DK travel guides are great ! You have a little history about the place. Top attractions and then all the detail that you could want. All presented in the highly visual format that makes DK books outstanding.

As will all of the DK books, this SHOWS you what the other books just talk about!

I love DK Eyewitness Guides in book form. However, the Kindle versions bring portability to a new level- I can carry several guides without paying excess baggage! All the information is there, in a convenient form. Even better, there are links to websites when further info is needed on the spot. I've only had this book for a short while, but I can't fault it. Well done, DK.

Super handy, great to keep in my back pocket when walking the streets of Budapest. I've lent it to friends for their next trip. Oh, the little pocket map was awesome for when I didn't want to carry the book.
