A Reader's Greek-English Lexicon Of The New Testament (Zondervan Greek Reference Series)

Synopsis

When you want to get straight to the heart of meaning in the Greek New Testament, A Reader's Greek-English Lexicon to the New Testament is indispensable. By eliminating time-consuming lexical work, this book helps the pastor or student read the Greek New Testament easily and swiftly. Features: * All words that occur fewer than 50 times in the New Testament appear verse by verse * The translation is provided next to each word * A list at the beginning of each book shows words that occur more than five times in that book but less than 50 in the New Testament * In-text frequency numbers show how often a word is used both in a given book and in the entire New Testament * An appendix lists all words that occur more than 50 times * Definitions are based on the Bauer-Arndt-Gingrich Greek-English Lexicon (BAG) By making rapid reading of the Greek text possible, A Reader's Greek-English Lexicon to the New Testament provides a powerful study tool for pastors, students, and all who have a high regard for the New Testament.

Features: * All words that occur fewer than 50 times in the New Testament appear verse by verse * The translation is provided next to each word * A list at the beginning of each book shows words that occur more than five times in that book but less than 50 in the New

Testament * In-text frequency numbers show how often a word is used both in a given book and in the entire New Testament * An appendix lists all words that occur more than 50 times * Definitions are based on the Bauer-Arndt-Gingrich Greek-English Lexicon (BAG) By making rapid reading of the Greek text possible, A Reader's Greek-English Lexicon to the New Testament provides a powerful study tool for pastors, students, and all who have a high regard for the New Testament.

Sakae Kubo received his PhD in New Testament and early Christian literature from the University of Chicago and taught eighteen years at the Theological Seminary at Andrews University. He later served as dean of the School of Theology at Walla Walla College, as president of Newbold College in England, and vice president of academic affairs at Atlantic Union College. Now retired, he lives in Chico, California.

As the others have commented...this is a book you want to have...BUT please get an older copy, not the new ed., because of the poor quality of the new ed., which I suspect is just like Zondervan's Analytical Lexicon by Mounce, in their "Zondervan Greek Reference Series"...have bindings which are glue-injected, cardboard "hardback"...which means they WILL NOT open and lay flat, and more than likely the spine will crack and pages will fall out with extended use...My copy of Kubo is 9th printing 1982 and has folded and stitched folios...so the pages will never fallout...Some books Zondervan publish still have this quality...unfortunately this series does not seem to.

A reader's lexicon in any language is a valuable tool to those reading a foreign language. I used Sakae Kubo in the '80's when I first began reading Koine Greek and have given several copies away to young pastors trying to use their Greek tools to make it more accessible. This copy is brand new and the book seller was great. Some young pastor will enjoy it soon.

An excellent help for reading the Greek New Testament. This book gives you the vocabulary that is specific to each book and chapter in the New Testament. It also lists the most common words in an appendix - you can start there, to learn the most frequent words.

Very well designed! I've used others for Greek and Hebrew also and this layout is just great! Bargain of a price too! It's very nice that it gives verse references for words also so that you can see different places that words comes up in the NT.

It's great....arrived quickly and good shape. Very easy to use!

Useful book. For the record it is the same layout and pagination (and errata) as the previous hardcover edition which will lie flat.

The book I received is not the "cover edition" in the photo. I received the older printing.

This is a great resource for seminary students and those who are students of the Greek language. I would not recommend this as a resource for a casual bible student, but do for those who are knowledgeable of Greek.
