Half Time: My Autobiography

Synopsis

Nigel Owens is a familiar figure on stage and television, and is considered one of the best rugby referees in the world. But before reaching his current status in the world of professional rugby, he went through an excruciating personal crisis. This is his story in his own words.

Customer Reviews

Nigel Owens is the top rugby referee, and was voted referee of the year in 2015. He is known for his one liners on the pitch as well as his great service to the game, and is respected highly by players he officiates. This book shows the other personal side. The funny side and yes - he has genuinely done stand up comedy. I for one hope there is a follow up book, highlighting his life and career since 2009 when this was published.

What a man! His autobiography is a perfect reflection of his performance on the field. Knows exactly what he's doing, does not need second opinions because he knows his game and has confidence in his own decisions. How wonderful to get to know a man who is at peace with himself. Can't wait for

the next one!

Interesting man, would love to meet him one day. The hard part about reading this book was pronouncing some of the Welsh names and also not knowing the people he was referring too. Other than that I enjoyed it.

Great read by such a warm interesting humorous man who for the first time brings touches of his humor to his brilliant refereeing. Hope he carries on writing!

Some of the Welsh names took a bit of time to get used to (in the early chapters mainly), but this is a well written enjoyable book and provides a very good insight into one of rugby's best refs.

Inspiring story of the rise of the world's best rugby referee. A must read for anyone interested in refereeing, or just rugby in general.

Great
