“This guide to the eclipse is the definitive handbook for everyone considering Kentucky as their viewing location and will help visitors and locals effectively plan and maximize their minutes in the darkness.”
•Loren Nelson, Chair of Teton Photography Group

Polar explorer Aaron Linsdau is the second only American to ski alone from the coast of Antarctica to the South Pole, setting a world record for the longest expedition ever for that trip. He has walked across Yellowstone National Park in winter, crossed the Greenland tundra alone, has trekked through the Sahara desert, attempted to climb Denali solo, and successfully climbed Mt. Kilimanjaro. Aaron is an Eagle Scout and has received the Outstanding Eagle Scout Award. He holds a bachelor's degree in electrical engineering and a master's degree in computational science. Aaron wrote the book & produced the film Antarctic Tears and is a professional adventurer and author.

Book was ok. Good as a collectors item.

If you need a lot of answers for the solar eclipse coming your way in August, this is it. The author provides you with who, what, when where and why you could possibly need for the best experience. It includes locations to view the eclipse in Kentucky with detailed information and history about a solar eclipse, where to best to observe and how to capture the event from the pro to the average amateur photographer. He has even provided details for the area from lodging to animals to the weather. If you want to know and experience this event and the where and how to see it in this area, this is the definitive book in a small package.

I have been looking forward to this event ever since it started popping up in the news and friends and family were going to be gathering to watch this amazing event. I was not sure where the best place to watch it would be. The Kentucky Total Eclipse Guide gives me everything I need to know about watching this amazing event, from safety to the best locations to the proper camera settings. If you live in the great state of Kentucky, this is a must have guide to a once in a life time event.
