French: One Week French Mastery: The Complete Beginner's Guide To Learning French In Just 1 Week!

Synopsis

Discover how to learn French in just one week with this easy to learn method. This is a proven step-by-step method to learning French as an English speaker - includes more than 1000 common phrases. As an educator for more than 20 years, I'm a fan of teaching others. And there is no greater challenge than to learn a language. Learning French is such a challenge, but enriching on so many levels. It's not only an intellectual challenge, but imagine transforming your travel experiences, allowing you to connect with new and interesting people, or even live or study in places like Paris, Nice, or Lyon! In essence, it's a journey to become more open minded about the world, discovering amazing new people in the process. Learning is not the obsessive command of structures and vocabulary, but the willingness to overcome our most basic fears and insecurities. Over the course of this book, I will convey enough knowledge of French so that you will be able to read, listen, and interact with people in this new language with the knowledge that will inspire confidence. In learning French, you will be facing five basic but important challenges: grammar, vocabulary, slang, and colloquialism, pronunciation, and variations of the language. In this book, I will lay out the fundamentals of each of these stepping stones in an easy to understand method. Imagine reading Balzac, Flaubert, Voltaire, and Dumas in its original form! Imagine heading out to Paris or Nantes fully equipped to interact with the locals! I invite you to listen and begin a fascinating learning experience.

Customer Reviews

I have several French mastery book. but this is different from them this is more comprehensive as

really intended for beginners. As a newbie of French language and have little knowledge about French dialect I need easy and comprehensible guide book and this is the answer. I learned little by little by the help of this book alone. Pronunciation and basic term that is necessary are written in this book.

A decent book to help me relearn French phrases

For me, French is one of the most beautiful languages in the world and of course that is the language of love. I was always keen to learn it but honestly do not have time to take some course at school. This book has encouraged me to start once and for all. This guide is short but teaches you the essential and most important of Frances.

Very useful, especially when used in conjunction with other language learning materials/methods.

not my favorite book. Bought the kindle edition, its not easy to navigate and you don't learn that much.

handy, good for beginners

Great book

This is the best French book I've seen so far! It has links for references you can use, as well as fabulous lists of words. I don't know that you can truly master French in a week - I studied it for four years and am using this book to refresh my memory- but it's a great resource.
