Susan Hagen Nipp received her Bachelor of Arts Degree in music and a minor in education from Whitworth College, in Spokane, Washington. She has taught high school English, and music on the elementary school level. She lives in Coeur D'Alene, Idaho, with her husband Charlie. They have two children. Pamela Conn Beall received her Bachelor of Arts Degree in music and a minor in education from Oregon State University. After college, she became an elementary school music teacher in the Portland area. she currently resides in Lake Oswego, Oregon, with her husband Ron. They have four children.

This is ideal for children ages 3 or 4 on up. I used it in the car with my grandchildren for several years and we had a big time every time I drove them somewhere. They always asked to go to "London Town," the destination of the wagon carrying Jack and Jill and Georgie Porgy. I've given it as a gift numerous times because I think any parent who drives their children any distance can enjoy being with them to sing and recite nursery rhymes instead of plugging the little ones in to a

video. The booklet has all the words for those who have forgotten their own nursery rhyme experience.

I grew up with Wee Sing and just had to get one of the recordings for my daughter. This is a delightful (and big!) collection of classic little diddies and fingerplays, complete with book of instructions for the latter. The singers are quite talented, at least suitable for a young audience, and I love that this collection is still around.

My children love listening to this CD and playing along, and it's currently their bedtime music. The songs are simple and fun, many familiar nursery rhymes with upbeat music, and it's a great way to introduce my kids to some rhymes I knew as a kid.

I used this for years in Pre-K and Kindergarten classes to help children learn confidence and vocabulary. Easy-to-follow movements and fingerplays. Many classics.

This is the second time I bought this for one of my grand children and they've all LOVED IT! I keep a copy in my car and we ALL SING together each morning on the way to DAYCARE! Every time I get in the car with one of them they ask for me to play THEIR MUSIC which is appropriate for THEIR AGE.

My kids love this! Be sure to look through the book for instructions on how to do the finger-plays. Your kids will learn counting, rhyming, memorization skills, and much more; without even realizing it! Lots of traditional nursery rhymes. Some are a little different than how I was taught, but still great.

The original title said "CD" for Wee Sing songs. However, all I received was the booklet. (I already have 4 booklets.) Please review titles of sales, so that they accurately reflect what is being sold. Extremely disappointed.

love that it's still available 25 years later for my grandchildren!
