The Concise Seduction (The Robert Greene Collection)

Synopsis

The companion book to the bestselling Concise 48 Laws of Power, which has now sold over 125,000 copies in the UK. Amoral, ruthless, clever and cunning, this is the essential guide to the art of seduction.

Customer Reviews

'What Greene does so masterfully is take us on a fascinating trip into the psyches of the great seducers and offer a wealth of strategies for those who might like to dabble in the murky waters of manipulation themselves. One by one he exposes the techniques of behaviour control used by and against all of us in every area of our lives from business to bedroom. But it is when he explores the scheming psyche of the sexual predator that he is at his most compelling.' - Daily Mail 'It unearths the two sides of seduction: the characters and the process. The book prepares you for the ultimate seduction: your boss.' - Fran Cutler, the Daily Express

Robert Greene, author of The 48 Laws of Power and The Art of Seduction (both from Profile), has a degree in Classical Studies and has been an editor at Esquire and other magazines. He is also a playwright and lives in Los Angeles. Find him on Twitter [@RobertGreene](#)

I'm in a book club and we chose this because I don't know why. It has some really great tips that I

plan to implement in the future. I thought I ordered the regular one but received this. I'll be buying the regular size because it lacked the examples that my friends had in theirs.

Growing up, I've been extremely shy, anti-social and quiet. I never knew how to carry myself or never knew how to act around those I wanted to impress. I partially blame it on being an only child but that's just my theory. I've been studying a lot about body language and trying to educate myself and this book is a staple for anyone trying to better yourself and ego. It's easy to read and gets to the point.

Best books. I got this for a friend having relationship problems. So many things people need to know that could help them so much in their lives. Plus, it's a great history lesson, too.

I'm sure it's a good book, but I just couldn't get into it

I enjoyed everything about this book. It definitely helped me get to know myself a little more and find out what my allure is and how to heighten/build on it.

Literally one of the finest books I have ever read!

A timeless guide for the universal mechanisms of seduction. Though many complain of the morality involved, that's for each person to decide -- the observations contained are, regardless of morality, pragmatic and insightful in their bold look at how human psychology interacts with the realm of Eros. A must have in your library of love.

Gives you all the same information as the Art of Seduction, but a more concentrated version, without the stories or examples.
