Making Literature Matter: An Anthology For Readers And Writers

Synopsis

Students have always responded powerfully to the memorable stories, poems, plays, and essays gathered in distinctive clusters in *Making Literature Matter*’s thematic anthology. At the same time, the book’s chapters on reading, writing and research help students harness those responses into persuasive, well-supported arguments about the issues raised by the literature. As ever, the new edition of *Making Literature Matter* reflects John Schilb and John Clifford’s careful attention to emerging pedagogical needs and trends. In response to instructor requests, they have expanded their treatment of argumentation and research, and refined their approach to literary genres. Further, they read widely to identify some of the most engaging fiction, poetry, drama, and nonfiction published recently, and based their new choices for the sixth edition on how well that literature raises and explores issues that matter to students right now.

Perfect, exactly what I needed for my English class and it came packaged well in good condition.

I bought this book new and the pages had writing and highlighting throughout. Very dissapointed with the quality. I took two pictures but there is much more.

The book is in good shape. But the library can ship it to Puerto Rico.

Needed this for a class and arrived in good condition.

Perfect for just one semester!

This crap of a book was 100 when I got it with no option to rent for cheap! Now there's an option of course

Short stories, good read. "Thinking About the Text" questions are very helpful for class discussions.

Hate the material we have to read in the book but it came brand new
