My friends granddaughter just loves this CD. They can't say enough about it. I listen to part of a song and it was delightful

After listening to typical lullaby songs, this was a nice change. I like that it's modern songs but really relaxing and peaceful at the same time. My little one loves falling asleep to this.

I purchased this for a baby shower gift. Met friend really liked it. This is a great gift for a music lover mom to be. It's unique and nobody else will have the same gift at the shower.

can't wait until the baby gets here...love it

ROCK ON TEACH HIM EARLY

We got a couple of these Rockabye albums when our daughter was a baby and some of the artists translate better than others to lullabies. The compilation is an excellent assortment and a gift that will get a laugh and be used.

Very relaxing

This is a great album if you want to "sample" Rockabye. It is upbeat and a step up from other types of children's albums who only claim to ROCK. This is perfect for any parent who loves flashbacks, oldies or throwbacks and to get down with (or without) the little one!
