# Hollywood Window To The Stars, Volume 2: More Revealing Facts About Hollywoods Biggest Stars

## Synopsis

Hollywood Window to the Stars Vol 2 takes a critical, no holds barred look at numerous legends of the movies, from Veronica Lake to Frank Sinatra, and re-examines them in light of the veritable mountain of new information available today. These are not detailed biographies as such, but envelopes of trivia, scandal, viewpoints, accomplishments, failings, character flaws etc. Each one liberally sprinkled with quotes by and about the individuals examined. You will find your idols (in most cases) were far from perfect. This volume also contains a load of fascinating extras toward the end of the book.

## Customer Reviews

I really enjoyed reading this book. I like to know tidbits about the stars and like the information to be true not the trash sold in grocery stores.

Lots of fun information in this book. I really enjoyed it! So much information on the stars. I've already

purchased other books by Mr. Royle. He certainly does his research.

This was another amazing look into Hollywood and its stars. Although it lacked the length of stories like in the first book, it was still an edition I enjoyed and found interesting with each page I turned. Hard to put down too. Alan Royle writes with a great focus on the subject matter. I also recommend this to anyone that has a passion for current and classic celebrities
