Getting Paid To Make Games And Apps (Turning Your Tech Hobbies Into A Career)

Synopsis

For a technophile, it's not a big leap to want to create something new. This title offers readers from grades seven through twelve the chance to discover career options in game and app development and the education that will qualify them for those options. Apart from figuring out the creative side, the reader will also discover what is necessary to break into an extremely competitive market as a professional. Readers will experience engaging sidebars that introduce successful young developers and their creations, and various types of references throughout will allow the reader to take in the whole world of development.
