Customer Reviews

Loved this more than the first two! Couldn't put it down. Mystery was fabulous, story was sensational and love how foundation laid out for future books in this series. Loved how the first three books focused on the primary characters to build from. Love the animals and the ghosts as well. Can't wait for the next book in this series. Worth reading and worth waiting for next in series! Thank

you Angela for the exceptional journey!

The third in this series, more ghosts and mysteries. A sweet love story with two people with their own internal struggles. Good chemistry. Spider is a unique young woman who is a feisty heroine. Noah starts out on the wrong foot, but he has a past he doesn't even know about. And a ghost attached to him will confuse and complicate things. Great entertaining read.

I've read all of the books in this series, but not in order. Each story does stand on its own, but I do recommend reading them in order if you want to understand the characters better. I really enjoyed this book, partly because I liked the characters very much, including the animals. I'm a big fan of animals, psychics and ghost stories, so this fit right into my areas of interest. I highly recommend all of the books in this series!

This was another great book in this series. I would hate to think this is the end however. While it did come to a conclusion this book also left a sense of not complete.

Can these books get any better? I swear I think I've become addicted to this series. I hope another is coming soon because I feel withdrawals coming.

Delightful storyline. I just wish it would have continued so we knew more about what happens to the haunted house. Loved the characters

Interesting and diverse characters solving mysteries with supernatural help. A couple of dogs and a bad tempered cat provide additional assistance. I enjoyed the clever plot line with humor woven throughout.

Spirited Away is the third paranormal romantic suspense book in The Psychic Detectives series written by author Angela Campbell. I hope this series continues.
