# Checkered Flag Cheater: A Motor Novel (Motor Novels)

## Synopsis

Trace Bonham is living large as the teen driver for a pro Super Stock racing team. He's on billboards and on the road instead of stuck in school. And he's blowing away the competition wherever he races. But Trace is worried that those who think his crew is illegally "juicing" his engine may be right. It's up to him to discover what is going on--and what he's going to do about it.

## Customer Reviews

High-school senior Trace Bonham, last seen in *Super Stock Rookie* (2009), is a star driver on the Midwest super-stock circuit. While piling up victories, he is featured on billboards, and the corporate sponsor of his racing team is happy with his performance. Still, Trace suspects that his mechanic is illegally juicing his car. Eventually, Trace discovers the truth, and he quits the team with a faint hope that he can continue his racing career. This series deserves the checkered flag. It combines gritty, behind-the-scenes racing details with believable, sympathetic characters. Grades 8-11. --Todd Morning

Reviewâ œThis is a good choice for car-mad reluctant readersâ • â •School Library Journal

OK, but not a thrilling joy ride of a book

This is a great book - my grandson has enjoyed the whole series.I was so happy to have found it online, as our local bookstore said it was no longer in print and he didn't know if he could still get it.

Happened upon this series at my library. coming from a family that grew up racing and with my husband currently racing, I fell in love with these books. It's just like Mr. Weaver was sitting next to me in the grandstands. Great read for all ages, especially if you are a race car fan.

For my son he loved it. He used it in his english class on Fridays. He has read the other books in the series.
