Awesome book. Well written. Can't wait to put it into practice.

Wow, I had no idea there were so many chalk paint recipes! I wish I had this book a year ago. I could've saved some \$\$\$. Great resource. The author is hilarious!

Great read! The author is genuine, insightful and offers an interesting perspective. Definitely recommend!!

I have been considering this type of venture for quite some time. The author takes away all my

reservations and inspired me to go for it.

Very informative. I just needed information on how to chalk paint my stuff cheaply but we'll. She delivered! Thanks, worth every penny.

This was a fun read starting at page 1 ã â â^â I love how she encourages you too use her information how ever you want, it's not about "brand name" products that you feel like you have to use or your doomed!! So refreshing for a change. My favorite part is how she talks about her way of going thrift/furniture shopping , the 1st and most important thing to do is be genuinely kind and friendly really taking the time too get to know the people who work at your favorite places. I'm so glad to know that the old days of stripping paint off isn't the only way to reawaken a piece of furniture ã â â^â Thank you, Cornelia
