Burning Bridges: Life With My Father Glen Campbell

Synopsis

The Glen Campbell story is one of exceptional musical talent, a glittering career and a frequently disturbed personal life. In August, 2017, after battling Alzheimer's disease, his death was announced to the world. This celebratory Omnibus enhanced edition of *Burning Bridges: Life With My Father Glen Campbell* includes both an interactive digital timeline of his life, filled with videos and images of live performances and interviews, as well as a Spotify collection of the greatest recordings that Glen Campbell ever made. As a studio musician Campbell contributed to countless Sixties and Seventies records; as a solo artist he produced the classic hits *Galveston*, *By The Time I Get To Phoenix*, *Wichita Lineman* and *Rhinestone Cowboy*; he had a successful US TV show, co-starred with John Wayne in the film *True Grit*, and was lauded for his talents. However, a series of failed marriages saw this shining star fall heavily into serious substance abuse, and the fabric of his life unravelled. Persistent short-term memory loss resulted from this turbulence and Glen Campbell would have few constants in his life as the years waned on. One of them, however, was the co-author of this book, his daughter Debby. She witnessed his struggles and suffering, both musically and personally, as well as the beginning of his decline into Alzheimer's disease. *Burning Bridges: Life With My Father Glen Campbell* is a loving but unflinching reminiscence of a multi-talented musician, a troubled man and a father. Debby Campbell provides a poignant, eye-witness account of a musical legend like no other.

Customer Reviews

I haven't finished this book yet, don't know if I will. Debby was very close to her dad and the beginning of the book tells their time together from when she was young! read to the stage where Glen hit drugs etc and just couldn't read any more!

A great book written with Debby's love for her father evident in each page. I would highly recommend this book.

I never received "the son".

"This is definitely a MUST read, whether you're a Glen Campbell fan, or not!!! Debby is so real in sharing what it's like to be a child of divorced parents, and her determination to have a relationship with the father she barely knew in her early years. She shares things in a way that you feel like you've known her, her entire life! She doesn't "candy-coat" subjects that are hard to talk about.....she just tells it like it is.....the good, the bad, and the ugly! Her courage amazes me! How she managed to juggle raising a family, working a 'regular' job AND being there to perform on her dad's shows for 24 years is beyond me! This is sure to be at the top of the Best Seller's list!!!"

Because of Glen Campbell being so bad off mentally but a wonderful singer for decades, it's very touching to read a sweet book his daughter wrote about him. It was wonderful to find it and his wonderful CDs we ordered too on .

Almost done reading this book. Would have liked more insight into Glen Campbell as a person. Mostly it is Debby's version of life on the road with her Dad.

A soul baring story of a girl, now a woman who has had to fight for her rightful place in her father's life. Unfortunately the struggle is ongoing. It takes courage to be so honest but it is a true story of love.

So repetitive and not very professionally written, in my opinion.
