Al-Ghazali On The Remembrance Of Death & The Afterlife (Ghazali Series)

Synopsis

This is the first English translation of a key section of al-Ghazali's *Revival of the Religious Sciences*, (*Ihya' Ulum al-Din*), widely regarded as the greatest work of Muslim spirituality. Its theme is of universal interest: death, and the life to come. After expounding his Sufi philosophy of death, and showing the importance of the contemplation of human morality to the mystical way of self-purification, al-Ghazali's takes his readers through the stages of the future life: the vision of the Angels of the Grave, the Resurrection, the Intercession of the Prophets, and finally, the torments of Hell, the delights of Paradise, and for the elect; the beatific vision of God's Countenance. In this new edition, the Islamic Texts Society has included a translation of Imam Ghazali's own Introduction to the *Revival of the Religious Sciences* which gives the reasons that caused him to write the work, the structure of the whole of the *Revival* and places each of the chapters in the context of the others.
