## Customer Reviews

This is my first read by this author, but won't be my last. I enjoyed this book and I loved how the author got right into the storyline and then came back with the history of these characters, so we knew what and how things were that led to the plot of the story. This book has plenty of drama and secrets and shady characters. Can't wait to see what happens in PT.2 after that ending....Job well done Krystal Armstead.

idk if it was the length of story or timing but I wanted more of the present than the past...this story was definitely ok the parts I did read...I might come back for part 2 bc I am fan of ur writing! I was actually happy to see you wrote a new story only to be disappointed with the the storyline

Okay so I read this in one sitting. It was nice!!!! I really love how you start at the end (or middle) and then take your readers back to see what lead up to what we already know. Talk about 6 degrees of separation! I feel horrible for Vawn and Lana. Can't wait to see what happens next...

To say this storyline hit hard is an understatement. This is that good grimy, secrets all over and every where, deadly drama and then some type drama. One Click!

This book is so good! I hated it had to end so soon. I can't wait until part 2 drops. I hope Eden and Tramaine grimy ass is handled in part 2.

Another storyline to get u hooked. Very deep and heart string pulling love drama and shot to kill or be killed plot.

Something new and exciting! I love the whole back story and I can't wait to see how things play out. Part 2 please!

My girl krystal your talent is raw and every book you write it shows want an excellent writer you are!!! It amazes me how people really skim through a book and give there opinion without reading the complete book!!! Love how the book went from the present to the past told the story of why Vawn left Lana great job looking forward to what happens in part 2.
