Caroline Myss hosts her own show on the Oxygen Network, *The Journey with Caroline Myss*, and has enjoyed several guest appearances on Oprah. --This text refers to an out of print or unavailable edition of this title.

Caroline Myss was born on December 2, 1952 in Chicago, Illinois. She received a bachelor of arts degree in journalism from the Saint Mary-of-the-Woods College in Indiana in 1974. During her career as a journalist, she interviewed Elisabeth Kubler-Ross, the author of the book, *On Death and Dying*, which inspired her to pursue a master's degree in theology from Mundelein College,

which she completed in 1979. She also studied intuition and energy medicine at Greenwich University. In 1982, she started giving medical intuitive readings and has been in the field of energy medicine and human consciousness for 20 years. She specializes in assisting people in understanding the emotional, psychological, and physical reasons why their bodies have developed an illness. She has written numerous books including *Anatomy of the Spirit; Why People Don't Heal and How They Can; Sacred Contracts; Entering the Castle; and Defy Gravity: Healing Beyond the Bounds of Reason*.

Information is presented in a no-nonsense kind of way, but it's the message that you need to hear if you are a healer, or just going into the healing field. I found her way of speaking to be clear, educational, no-nonsense, and injected with humor for her audience.

This is one of my top favorites that she has ever written. There is not a lot of support/reading/writings out there to help healers and their work. This gave me great onsite and I would highly recommend ALL healers listen to this!

These CDs are reality check for someone who wants to be a healer. It is an eye opener to your motivation and capacity to be a healer. It is also about having self-esteem before you can love and help someone. Forgiveness is an alchemy to healing. I like listening to Ms. Myss, she is direct, insightful, and authentic of her perception of the world around her.

This cd is full of Caroline's wisdom and thoughts for the healer. No matter what your modality is, the Caroline speaks to it. I have listen/read much of her work and I have to say that I don't always agree with her, but she makes her point clear. That I appreciate. She talks so anyone can understand what she is saying, not just those who have been in the healing arts for many years. I recommend this guide to all modalities!

Caroline can seem a bit condescending. I didn't gain anything from the four+ hours I spent listening to it.

Awesome

Concise, good for all in any aspect of body work professions. Not too much info. but enough to

understand. Also recommend her Cd sets on the Chakras. Those are my favorite by far, but this set is worth getting also.

very good listening
