Customer Reviews

"One of my pet hates is inability to locate a map of any substance before you get to a region. ...I recommend you obtain the latest "Hema map" when possible.... " [Refers to the Hema map covering the Katherine Region of Australia.] --

With over 20 years experience in the Cartographic Industry, Hema Maps have developed a wide range of world atlases, road atlases, city, state and regional maps which are widely recognized for their clarity, quality and accuracy.

Maps in Samoa that are wall-size can cost over \$20 US. This map is perfect - it shows both islands on one side which is exactly what we wanted. It is on the wall of our office in Apia where we are serving a mission for our church, and our young missionaries love to check it out.

I have purchased three maps of Samoa and this is by far the most detailed and user friendly. I would recommend it to others.
