Not quite as easy as I would have hoped, but challenging enough that I stay interested and feel pretty good if I can complete the puzzle without cheating. Also, would you believe that the print is actually too large? Excellent for people with bad eyesight!My only true complaint is that the clues don't tell you if the answer if multiple words. This is confusing because I might look at a row/column with 5 boxes thinking that the answer is 5 letters, but it might be two words with 2 and 3 letters respectively. This makes it much harder than it needs to be.

My 96-year-old friend with wet and dry Macular Degeneration can actually see these puzzles! She is so happy! Much easier for her than even the largest of the regular large print we could find in the stores.

Wow..that's all I can say..I love the fact that the pages are spiral.and I can fold the pages back without ruining the wholr thing..

Favorite Couldn't be more perfect. Easy, spiral and large print.

Great puzzle book,the print is amazing.

Fun to do, and arrived quickly!

What a great book! Sometimes when you read "Jumbo Print" or "Extra Large Print" on the cover - all it means is that the clues are in large type. In this book, even the puzzles were large. Thank you.

The print is nice and big, and the puzzles are not TOO easy. My Mom (age 94+ with macular degeneration) does several every day, and is challenged without being frustrated by them.
