This book is content filled and has a lot of practice questions. It is a very good substitute for the currently limited official sat practice papers online for the new SAT.

I order whole set three books. My sons feedback is very good. After use this set of books. The error down to 0-1 in reading, 0-2 in writing. It is very odd to get 2 incorrect. Before use this set normally 3-5 error in reading and 3-5 in writing.

I am a SAT tutor and I think this book is very well structured. The examples closely match that of the actual SAT. There are plenty of examples that are very helpful. I have already noticed a improvement in my tutees' grammar knowledge.

Contain some typos, but is great!

Helped my daughter improve her scores.

The contents are explained clearly and briefly, and the writer provides very good strategies for doing the activities, personally, I highly recommend this book.

It is a really good book that covers the main subjects of the SAT with great details and clear explanations.

Great book. I only got 3 wrong on the writing section due to it. Highly recommended.
