I have one of Khi's other book and appreciate his knowledge.

Not only is this a beautiful product with engaging pictures on quality stock but it is also immensely useful. No matter what your spiritual or religious background is, there are insights and techniques in here to help ensure that your home remains a sacred, safe and healthy place for you and your family. It's also a beautiful coffee-table book. If you are shy about your spiritual practice you can proudly display this gorgeous book in your living room. Everyone will love it!

The author, Khi Armand, has written a wonderful book on clearing and creating sacred spaces. Armand teaches and advises the reader to try different forms of clearing and cleansing. A very interesting read and the book is beautifully illustrated as well. I will refer to this book often as it truly is a book that belongs in any neo-pagan's library.

Beautifully put together and artistically, esthetically pleasing- but also filled with concise and valuable, easy to understand information. Great for spiritual seekers of all paths.

This is a terrific book FULL of great ideas on all sorts of ways to make a space right! I will be suggesting this book to all of my students and clients because it has many of the practices I have successfully used myself in the past, and everything is clearly explained. Khi has done a wonderful job of creating a truly useful book.

I bought Khi Armand's book when it first came out and I have to say I really enjoyed it. He gives lots of information, shares recipes, info about herbs, intrusions etc. A small book but jam packed with great information for beginners and experienced people as well. I used a few techniques mentioned in the book after a family member's break up and it really helped clear out that gunky heavy atmosphere that a house gets after an argument. I highly recommend this book.
