Historic Haunts Of Savannah (Haunted America)

Synopsis

As one of America's most haunted cities, Savannah, Georgia, has a long list of stories of the supernatural, such as the story of the first two people hanged in colonial Savannah for the murder of their abusive master. Or James Stark, a tempestuous planter, and Dr. Philip Minis, who settled their dispute with a duel and still hang around the old building at Moon River Brewing Co. Or the terrifying "boy-giant," Rene Rhondolia, who preys on young girls and animals. Join authors Michael Harris and Linda Sickler as they navigate the chilling world of those who refuse to leave their Savannah homes.

Customer Reviews

I had high expectations for this book. I wish I could say I loved it but it was honestly rather boring and verbose.

Not bad but short of more information. It's a short book. If you ever spent time in Savannah, there is

so much more.

I used this as a Giveaway Gift in a Facebook Group and the customer LOVES IT!! Thanks so much!

Thought the book would be your typical book about the haunted places in Savannah, however, what I have read so far is interesting.

After having been to Savannah last year and learning much of the history and lore , this was a great book to add to my collection....

Very good read!!

This small book gives lots of facts behind the myths and sitings. It is very informative and entertaining to read.
