## Customer Reviews

Wow I just got my 2 copies mailed in :) One for me and one for my sister as a gift. I love your step by step pictures, it is one of my favorite characteristic of a good cookbook. With the QR codes, it's also so easy to get more tips! I think this is the best gift to offer to others as it's a great way to share Vietnamese cuisine and culture. Growing up in Canada I feel that I miss some Vietnamese culture and food; cooking delicious food with your easy recipes already makes me feel more connected with my origins. Overall, I am very impressed with the quality of your first book and I hope you will continue your channel and publishing more books in the future!! Wishing you continuing success!~ ~~

Bought this for my Aunt because she loves cookbooks and Vietnamese food. I follow Helen Le online and her cooking is great and instructions easy to follow. Now, I make the very foods I had on a culinary tour of Saigon!

I bought this book as a gift for my brother but I took a look at it so I could write this review. From first glance, this book looks like it is very detailed when describing how to cook a dish. They show pictures of how some things are done which is very helpful, because I know when I'm reading a recipe, I always ask myself if I'm doing this right, but this book looked like it is great for beginners wanting to learn how to cook authentic Vietnamese food. Would recommend to anyone

I love this book! I use it at least once a week. I love Helen's recipes because they are simply written: usually just a page with up to ten steps, and they always turn out well. They remind me of home cooked meals. I hope she makes a second book!

I love Helene on Youtube her recipes. When she came out with a book I naturally brought one. The instructions are easy to follow and it all links to the YouTube video. Her recipes are as authentic Vietnamese as you can get. Even my mom is using some of her recipes.

I'm a huge fan of Helen's You Tube videos. She is amazing. Just got my book and can't wait to start cooking some of her yummy recipes. I love the layout of the book, the instructions are clear and the pictures are beautiful and very helpful. I particularly like the scan code featured next to each recipe that lets you link to the You Tube video for that dish. Nice touch!

I do all the cooking at home, and my wife is vietnamese. Helen has taught so much. I followed her blog, danangcuisine, aND my wife says I cook just like her mom. I really recommend Bo Kho, and thit kho.

I love her YouTube video! Great thing about this cookbook is that she have a link to her YouTube that you can use we reader to take you to the site how to cook the particular food. The book content itself is not too impressive.
