The History Of Western Art

Synopsis

What is art? Why do we value images of saints, kings, goddesses, battles, landscapes or cities from eras of history utterly remote from ourselves? This history of art shows how painters, sculptors and architects have expressed the belief systems of their age: religious, political and aesthetic. From the ancient civilisations of Egypt, Mesopotamia and Greece, to the revolutionary years of the 19th and 20th centuries, the artist has acted as a mirror to the ideals and conflicts of the human mind. He has always started with reality, but has selected and reshaped that reality to create a parallel world; a world of the imagination.

Book Information

Audible Audio Edition

Listening Length: 5 hours 14 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Naxos AudioBooks

Audible.com Release Date: November 16, 2011

Language: English

ASIN: B0068OEF8

Best Sellers Rank: #56 in Books > Audible Audiobooks > Arts & Entertainment > Art #1368 in Books > Arts & Photography > History & Criticism > History

Customer Reviews

Precisely what I needed as I prepare to teach high school art. Product excellent.

Short, concise and with a great overview. Do not know anything about art, but this gave me a good start.

It's a succinct review of the History of Western Art. It is fairly extensive in covering the traditional western canon, while being on the shorter side for this type of book. Good if your looking to refresh your memory.

So rich! My English is a second language. It helped me to build rich vocabulary and see art history from different point of vies, as I was taught.
