Customer Reviews

This book was adopted for a large middle school in Yuba City by a teacher who was very discerning about his textbook choices. I feel it is a very efficient program for intermediate to advanced ELD students--middle school and high school. It really targets academic content and vocabulary.

I ordered this book used - I always recommend buying used books off Goodwill, not only for the charity, but because they accurately represent the condition of their books. They labeled this one "Acceptable," because there was a slight scratch-break in the binding. Otherwise, it was new. 128 pages of Houghton Mifflin goodness (Great Source is a HM company). Remember to get the regular book and the activity book - this is worthless without the primary material!
