Customer Reviews

Robert became interested in Savannah when vacationing there at an early age and always cherished the memories that he took away with him. Now a lawyer and semi-professional photographer, he has returned to the beautiful city that inspired him.

Excellent keepsake !! Wish he had written a longer & more inclusive book about all the other beautiful places & homes !

Bought for guests

This is the book I'm taking with me to Savannah for my first trip. I won't need to hire a guide with this book in hand.

Outstanding - great read

Item as described. Thanks!

Great book. Thanks.

We visited Savannah in September for the first time. It was a charming city with a rich history and a beautiful plan. The highlight to us was the system of parks called squares. These each occupy a city block. We bought this book as a keepsake of sorts. What a disappointment. Many of the photos were so washed out that the skies were white and the trees just sort of disappeared into the white. It was either sloppy photography or the Chinese printer had terrible equipment that could not transfer the photos to a printed page. Also, one of the photos had a parking garage as a backdrop. I cannot imagine a professional photographer being so careless in setting up a shoot. My take - he/she wanted to get it over with quickly. Another point: the letters in the maps were just small illegible blobs. We will search for a better "keepsake" book. This one really rate no stars.

OK. Highly Recommend! for my husband, very kind and the best seller. arrive on time.
