# The Ultimate Guide To Soccer Positions

## Synopsis

Desperate to improve your striking skills but lack the inside knowledge on how to do so? Want to know how to imitate the world's best professional strikers? There are a few straightforward procedures you can undertake to achieve top striking ability. Listen to my book to find out how what they are and how to implement them. With the secrets contained within, you will be equipped to become the amazing goal-scorer you always wanted to be! Success in soccer is not always down to having the best shot or dribbling skills. It also depends on game intelligence - the ability to read football with a tactical and pre-emptory eye. Like a game of chess, soccer requires cunning and know-how. You must defeat your opponent mentally as well as physically and technically. Game intelligence is a hard skill to teach, but my manual has uncovered the secret. With the tips contained within it you will be able to expand your game intelligence and your knowledge of the intricacies of playing soccer exponentially. Don't waste any more time, start developing your game intelligence today! Ever tried to develop a new skill but been frustrated by failure? Ever tried something that the next footballer learns easily but you struggle to master? Learning new skills can often be an arduous task. However, the difficulties of obtaining new skills can be avoided with the information contained inside my manual. Using techniques popular among South American, and especially Brazilian, players, my guide will show you how to add new skills to your repertoire quickly and easily!

## Customer Reviews

daughter read this book as a U8 and helped her better understand her regular position as well as the others

This is a great overview of positions and roles of players within a variety of formations. Many youth players know where to stand when a coach tells them what formation to play, but few understand the "tactics" to effectively play that formation. This book is good for many ages and even better for coaches. It is refreshing to have this book available to raise the tactical knowledge of soccer for everyone.

Its for beginning coaches....No real secrets here.

Good book to help me understand the positions for the game, just having my son just starting to play.

A very informative book on how to play different positions in soccer along with the skills needed to play the different positions. The book is very good at explaining the skills needed and how to train at skills needed to play the position.

I really appreciate Mirsad's advice and tips for playing better soccer. I pass along his tips to my youth soccer team every chance I get. Thank you Mirsad for providing great advice to coaches and players alike!

this is my second or third purchase from Mirsad's great collection of training manuals. They're so well written and well thought through and amazingly simple to understand - it makes my humble role as a coach a whole lot easier with sensible graphics and simple explanations from a very passionate and skillful mentor.

Our daughter has been playing soccer for 11 years and we still found this book to be informative. I am eager to purchase other items from this author. Very little amount paid for the bounds of information you get. Very happy with product.
