Federal Income Taxation, Principles And Policies (University Casebook Series)

Synopsis

This casebook on federal income taxation contains detailed text and explanatory materials. The seventh edition covers recent regulations, rulings, cases and other new developments, including the many changes made to the Internal Revenue Code by the several tax acts that Congress passed since the prior edition.

Customer Reviews

Great book - studying tax in law school for the first time and the book really breaks down everything. Starting from defining what all classifies can be included in gross income, to what deductions can you deduct from that for taxable income, to applicable tax credits, and finally, to calculate your tax.

hate the subject, love the speed of delivery.

Condition of book was as advertised. Came promptly.

Good.
