Customer Reviews

Lonely Planet's new "Frankfurt Condensed" captures the best Frankfurt has to offer in a practical, easy-to-use format. The ultimate pocket guide, it is chock-full of essential travel tips, history and highlights, and has full-color fold-out maps. Presented in a sleek, compact size, "Frankfurt Condensed" is easy to take along while visiting world-renown galleries, dining in outdoor restaurants or exploring bohemian districts. Whether you want to visit the world famous Frankfurt Zoo, shop in 'hard-to-find' specialty shops, attend the worlds largest book fair or follow a pre-designed walking tour, Lonely Planet has you covered. 'color-coding & symbols for easy access to information'; selective rather than comprehensive information'; high-quality, convenient, quick-view gatefold maps'; grid maps with extensive cross-referencing between text and maps'; the most pertinent information on entertainment, great hotels, best eats, cool cafes and kid's stuff'; portable, compact size

I bought this book during an extended stay in Frankfurt, to get to know the city. I was so happy with my purchase because it didn't weigh itself down with wordy descriptions of hotels, etc. Instead, this

is a very practical, carry-with-you book that gives great ideas for food, shopping, entertainment and activities. The best part about it was that I felt that it gave you the highlights of the city up front, then showed what other things you'd like once you covered the not-to-be-missed stuff. A great section also is Quirky Frankfurt. You get a great idea of the special things about the city throughout the book. I think this is useful for younger travelers who are looking for what to see, where to eat and where to hang out. It's also perfect for longer-term visitors and people new to the city.
