Synopsis

Call them a pincushion with legs, a pinecone, a prickly pear, a hedgie, a pog, an urchin, or a quill kid, but hedgehogs are bundles of cute. These endearing woodland creatures will charm you with their uniquely expressive features, mild mannered disposition, and adorable snuffle grunts--all in spite of their spiky exteriors. This is the tiny hedgehog who has taken Instagram by storm because of his 'vampire teeth'. African pygmy hedgehog Huff, from Utah, shot to fame after his owner Carolyn noticed he appeared to have a cheeky smile. His Instagram account has now racked up around 45,000 followers, with images including Huff 'helping' with baking, 'posing' in a popcorn pot and 'wearing' sunglasses.

What an adorable calendar. This little fella makes me giggle. I didn't know that Vampire Hedgies actually had Vampire teeth this distinctive. Adds so much personality to him.

Beautiful real photographs with complimentary borders, vibrant colors, perfect thickness of paper with a little glossiness. MUCH better than the previous year's hedgehog calendar! Very pleased with this purchase. Perfect gift for the hedgehog lover in your life.

What a great calendar! I love this little guy - Huff Huffington! His little teeth are the funniest, sweetest thing ever. He is the "poster child" for being original! Thanks, Huffy Hedgehogs for this delightful calendar, I will enjoy it all year!

I adore this calendar! You can't help but feel cheered up by the cute hedgehog pictures! Just like people, all hedgehogs are different--- especially love his cute little teeth! Hope there is another calendar for 2019!!

This is the cutest calendar!! Huff is one of the most charismatic little hedgehogs. I love flipping through all the pictures. I may or may not have October currently up on my wall.

Just Adorable!!

The pictures were okay, but they seem to all be the same hedgehog, and it's got odd looking vampire teeth, which really distract from the photos. We have a hedgehog, and it doesn't look like this. Nor do the ones on /r/hedgehogs.
