## Customer Reviews

Review, Genesee Valley Parent, May 1, 2010: "Featuring photographs of chickens in action, your toddler will be eager to strut his stuff with these funky birds."

\* 10th book in popular series for toddlers.

One of the cutest little board books I ever saw!

Small, cute, and simple gif a little kne's hands.

Busy Chickens is the most adorable board book! Numerous fun and amusing chicken situations make the reader laugh out loud! The photography is surprising and excellent in its content. I look forward to owning the entire collection!

This book is the sweetest! I love the big pictures and that it includes other breeds than just your regular brown chickens.

This was a perfect Easter basket addition for my son! We have four hens that he loves so he definitely enjoyed this book. Very cute and good pictures.

We first bought "Busy Busy Penguins" and it was quickly my son's favorite book. So, we also got "Busy Busy Chickens", "Busy Busy Doggies" and "Busy Busy Barnyard". The penguin book is the best but others are also cute. Very durable board books with real photos of animals doing all sorts of things. The words rhyme and are not more advanced words that you expect in a boardbook, but I think it's good for them to hear different sounds, so I like that. These are a good value set.

Good deal!!

Purchased this for 5 mo old grandson. Had read on line about which books babies like, sing song type of rhyming. I understand this is his favorite out of the three I purchased. The author takes photos of animals and then adds a few words on each page rhyming them. Has done chickens, penguins, dogs, cats, etc. Well worth purchasing.
