Synopsis

The purr pose of the author has been to draw, from personal experience, some pen-pictures of life and nature among the sublime mountains, crags, glaciers, and icebergs of Greenland. His original design was to publish a work of more pretentious size, in three parts, to be entitled, respectively, Greenland, I celand, and The Arctic Sea ;but, as he found the matter expanding to cumbersome proportions, he has divided the three parts into as many volumes.
