Book by Hart, Christopher

This book provides step-by-step instructions how to draw cartoon cats. It shows how to draw cat heads from different angles, goes into detail about 'hand' and 'feet' poses and shows a variety of cats walking or jumping on two or four feet. There are some funny drawings of how to model cats after people, and cats of all characters (grumpy, scared, angry). A special section deals with kittens, another with wild cats (tigers, lions). The instructions are clear and easy to follow. This book is a drawing book for instant gratification. If you follow the steps as outlined, your final drawing will pretty much look like the final drawing in the book. The characters are made of simple lines, nothing complicated or complex.

Book is in great condition. My daughter really likes this book. Thank you.

I have a six year old daughter who is starting to really enjoy drawing. This book is helping her draw animals really nicely. She loves it!!!

The product was in a declared condition, good packaging. Happy with the service! Thanks for a good experience and the book!

This is one of the books we use in class. The children like the subject of cats. I have them add a quote to their pictures using 516 Sensational Cat Quotes, Proverbs, Quips and Jokes for Scrapbooking, Crafting and Fun. The students are happy with their projects. We make cards and save the originals. Everyone says it is a fun class and that they enjoy this drawing book.
