# Special Tests Of The Cardiopulmonary, Vascular, And Gastrointestinal Systems

## Synopsis

Organized in a user-friendly format, *Special Tests of the Cardiopulmonary, Vascular, and Gastrointestinal Systems* provides a unique, compact, and concise summary of over 95 special tests and exam procedures. Drs. Dennis O'Connell, Janelle O'Connell, and Martha Hinman have organized *Special Tests of the Cardiopulmonary, Vascular, and Gastrointestinal Systems* by the different systems and describe each special test in terms of clinician action, normal findings, positive findings, special considerations, and references. Each major body region covered also includes a brief section on its history. Features:

- Includes more than 95 different tests and exam procedures such as Respiratory Rate Rhythm, Carotid Artery Auscultation, Ankle-Brachial Index Test, Palpation of Abdominal Organs and Aorta, Two- and Six-Minute Walk Tests, the Talk Test, and Non-Exercise VO<sub>2</sub>max Tests
- More than 125 photographs and illustrations, including how-to photographs
- Specific references based upon the latest evidence available
- Includes 6 appendices covering topics such as Maximal Aerobic Power, Treadmill Calibration, and Astrand-Rhyming Nomogram
- User-friendly, spiral, lay-flat binding

In addition to the special tests categories, a submaximal exercise evaluation section has been added for clinicians who believe exercise is an excellent preventive and rehabilitative tool but who may be unfamiliar with the topic. *Special Tests of the Cardiopulmonary, Vascular, and Gastrointestinal Systems* is a must-have resource for students and clinicians in physical therapy, athletic training, and occupational therapy looking to recall the specifics of a particular test or learning it for the first time. Also serves as a great companion to the popular texts, *Special Tests for Orthopedic Examination, Third Edition* and *Special Tests for Neurologic Examination*.

## Book Information

Spiral-bound: 304 pages

Publisher: Slack Incorporated; 1<sup>st</sup> edition (October 15, 2010)

Language: English

ISBN-10: 1556429665

ISBN-13: 978-1556429668

Product Dimensions: 5.5 x 0.5 x 8.5 inches

## Customer Reviews

Dennis G. Oâ™Connell, PT, PhD, CSCS, FACSMÂ is a founding member of Hardin-Simmons University Department of Physical Therapy. He serves as a professor and the Shelton-Lacewell Endowed Chair. He is an adjunct professor at the Rocky Mountain University of Health Professions in Provo, Utah. Â Â Dr. Oâ™Connell received his Bachelor of Science in Physical Education from Manhattan College, his Master of Arts and PhD in Exercise Physiology from Kent State University and the University of Toledo, respectively. He obtained a second Bachelor of Science degree in Physical Therapy from The University of Texas Health Science Center at San Antonio. Â Â Dr. Oâ™Connell has 30 years of experience as an exercise physiologist and 15 years as a physical therapist. His clinical experience has centered on patients with cardiac, pulmonary, and musculoskeletal disorders, and ergonomic issues. In addition to providing pro bono services on-campus, he and his wife, Janelle, created HSU PT Ministries and have served with their students in Guatemala, Mexico, and Abilene, TX. Â Â Janelle K. Oâ™Connell, PT, PhD, DPT, ATC, LATÂ is a founding member of Hardin-Simmons University Department of Physical Therapy where she currently serves as professor and department head. Â Â Dr. Oâ™Connell received her Bachelor of Science in Education from Central Michigan University, her Master of Arts in Exercise Physiology from Kent State University, and her PhD in Health Promotion from the University of Toledo. She has earned an entry-level MPT and a DPT from Hardin-Simmons University. Â Â Dr. Oâ™Connell has 14 years of experience as a physical therapist and has been an athletic trainer for 31 years. As an athletic trainer, Dr. Oâ™Connell has worked in high school and collegiate sports and in athletic training education. She is a Certified Exercise Expert for Aging Adults and enjoys working with the elderly. Â Â Martha R. Hinman, PT, EdD, CEEAAÂ is a professor in the Hardin-Simmons University Department of Physical Therapy and an adjunct professor at the University of Alabama at Birmingham and the University of Indianapolis. Dr. Hinman received her Bachelor of Science in Physical Therapy and her Master of Health Education from the Medical College of Georgia and earned her EdD in Allied Health Education and Administration at the University of Houston. Â Â Dr. Hinman's 34 years of experience as a physical therapist have focused in the areas of wound care, orthopedics, and geriatric wellness. She is a Certified Exercise Expert for Aging Adults and has expertise in the assessment of fall and fracture risk in the elderly. Dr. Hinman has been involved in physical therapy education for 30 years and has served as an educational consultant and

accreditation reviewer for numerous physical therapy programs across the United States.

I highly recommend this book for clinicians and students in the health care professions. The book is very easy to use and covers many practical tests. Great book for physical therapists!
