What The River Says: Whitewater Journeys Along The Inner Frontier

Synopsis

In this book, Wallach does for Idaho's Salmon River--"The River of No Return"--what such writers as Edward Abbey, Barry Lopez, and Annie Dillard have done for Utah's slickrock country, the Arctic, and Tinker Creek respectively. Writing of his experiences as a professional river guide, Wallach penetrates the surface splendor and adrenaline rush of river running to discern why a week on a wilderness river touches people so profoundly.

Book Information

Paperback: 192 pages

Publisher: Blue Heron Publishing (July 1996)

Customer Reviews

Jeff Wallach takes us beneath the adrenaline rush of river running to get at the true, powerful depth of the experience -- how and why a week on a wilderness river touches so many people so profoundly.

What The River Says: Whitewater Journeys Along The Inner Frontier takes the reader beneath the surface splendor and adrenaline rush of river running to get at the true, powerful depth of the experience -- how and why a week on a wilderness river touches so many people so profoundly. Besides revealing the outrageous and poignant stories of guides and passengers, What The River Says considers the effects of wilderness, pioneer history, the role of women on the river, the high price of living your dreams, and the impact of the frontier myth. What The River Says is highly recommended reading for the armchair adventurer and perfect library acquisition choice for the whitewater canoeist. -- Midwest Book Review

Item and shipping were excellent. Very pleased.

Excellent transaction, item as described

Up front: I know Jeff Wallach -- as a golfer and golf writer. So, it was with some surprise that I learned he had written a book about river rafting. When I started reading it I was certain there was no way Jeff could sustain an entire book on one summer's experience on the river. But he did, and admirably. This is a book for anyone interested in nature writing at its best. Not only are there dozens of vignettes and insights into what it's like to go on a river tour by dory, but Wallach gives a clear historical perspective of the wilderness and its endangerment as well. Would I read this book again? You bet.
