Customer Reviews

Excellent book. A great variety of songs and some of the songs are ones not seen as often in other collections. Chording is given for guitar, banjo, mandolin, uke. So if one is proficient on one instrument, but trying to learn a new string instrument; this book would be great means to improve

that new skill. Book has words, chords and melody are on one page with chord fingering on opposite page. A well organized book.

Wonderful collection of folk and folkie favorites. The only logically-organized songbook I have ever seen, where each song (plus chord charts for guitar uke, bariuke, mandolin and banjo) are all on facing pages so you don't have to turn pages while playing. Easy to use and easy to read.

nice book and a very decent price. I like it for the songs and the chord charts for several instruments... well laid out ... AAA+ Hal Leonard does a good job on their materials.

Many fun songs in here.

I own many music books, but this one wins first place! This book has 70 great classic songs that you and others will love to play. My wife and I play music with many people; she sings and I play guitar, banjo, and standard and baritone ukulele. Americana Classics provides us one book that has easy to follow wording and chords in a very unique and brilliant way. You open the book and on the left page are the chords for standard ukulele, baritone ukulele, guitar, mandolin, and banjo and the opposite page are the words and the musical notation. We can choose one song and everything is right there, easy to read and follow without turning the page to find chords or a second page of words. We are not professional musicians, but we play well and we just love to play with others. As we have done with the book Rise Up Singing, which is also a great song book, we are planning on getting multiple copies of Americana Classics where everyone in the group can be playing off the same page. The print size in the book allows the reader to see clearly even in poor lighting. The print is easy to read and well designed. We are off on a camping trip and this book is at the top of our packing list.
