Luke Slaughter Of Tombstone

Synopsis

Produced and directed by William N. Robson (Calling All Cars, Fort Laramie), Luke slaughter of Tombstone was one of the many adult westerns to debut on radio during the mid-1950s. The series tells the tale of a former Civil War cavalry officer who became a successful cattleman in the Arizona territory of the 1870s - a rough and tumble life, with many a gunfight and confrontation along the way. Standing as an equal among its counterparts - including Gunsmoke, Have Gun Will Travel, and Frontier Gentleman" - "Luke Slaughter" remains a beautifully produced program highlighted by realistic sound patterns impressive acting by a company of seasoned radio performers and well - written scripts that still have the power to engross modern listeners. Customer Reviews

This is a great western! I'm really surprised that it didn't last longer on the air than it did, but I suspect there are probably reasons that had nothing to do with the great quality of the show! If you like westerns, you'll like this one!
