Praise for the fourth edition: "This collection simultaneously gives readers a thorough introduction to the folk and fairy tale canon and challenges us to re-think that canon by including non-Western variants and postmodern retellings of classic tales, illustrations, and critical essays that enrich and diversify our sense of the field." —Dara Regaignon, Pomona College
"An engaging, accessible anthology of well-loved as well as overlooked tales, the latest edition of Folk and Fairy Tales would be my first choice among the many fairy-tale anthologies available for students." —Kristiana Willsey, *Marvels & Tales*
"Folk and Fairy Tales is now in its fourth edition, and it remains one of the best introductory anthologies on the market. Though it is obviously designed as an introductory reader, the book manages to incorporate a solid amount of material for scholars." —Daniel Compura, *Journal of Folklore Research*

I bought this book for a class and I loved it. If you enjoy classic Disney, buy this book. It's a lot of fun reading the original tales of more modern adaptations. Plus, this book includes several variations of fairy tales like Little Red Riding Hood, Sleeping Beauty, and Cinderella. I will use this as reference for likely a long time.
