Customer Reviews

A great, easy to read guide on the best of the best for Chiang Mai. I never knew there were so many luxurious hotels in Chiang Mai and they all look exceptionally well appointed with fantastic facilities. The innumerable quality spas discussed in this book really excited me. I was so happy the author

considered good coffee places in Chiang Mai (critical for me!) and very importantly ethical elephant homes to visit. I would be curious to know of any speciality 5-star vegetarian options in any of restaurants listed. I also liked that the author considered trips out of Chiang Mai (although from the activities outlined for Chiang Mai it appears that if you want to be kept busy for a few weeks, one could easily just do that!). Highly recommended for all those wanting to enjoy the very best of Chiang Mai.

I first came here by DC-3 in 1970, when Chiang Mai University was out in the country and oxcarts still brought goods to the Warorot Market. I came back many times through the years as a backpacker and moved here permanently three years ago. Laura has done a wonderful job of capturing so much that is new and luxurious in CM, at the same time honoring the timeless beauty of the old city and the Thai countryside. She puts new visitors in touch with Lanna-Thai traditions that make this such a special place—crafts that are available in the factories and villages where they are produced and Lanna culture (traditional dance, music and architecture) that has evolved into a vibrant modern art and music scene. And elephants! Once worshipped and ridden into battle, they still abound nearby at camps where visitors can interact up close and personal. The high-end French and Lanna restaurants she recommends that I have already tried are indeed excellent. But after reading *Luxurious Chiang Mai*, I want to try them all! Most important, now that I live here, are the rich variety of luxury hotels—in the old city, on bustling Nimman Road, and out in the country—that I can recommend to friends visiting from overseas now that our backpacking days are a memory.

Thank goodness I have seen this—*Luxurious Chiang Mai: The complete guide to having a 5 star holiday or honeymoon in Chiang Mai*—because I wanted to give something to my brother on his wedding day next year. This is a perfect gift that I know his bride to be will appreciate. Spending their honeymoon on a five-star hotel outside the country. I have heard that Thailand is a very good place to visit. I just made a booking at four seasons Chiang Mai, the price wasn't bad for me and I want my brother and my sister in law will enjoy and have a beautiful honeymoon. This book is definitely helpful for someone who does not have an idea where to go if you want to visit Thailand.

This book really impressed me with how much it covered for what you can do in Chiang Mai. It first covered all the different hotels you could stay at including contact info, which I found to be extremely convenient. Once you've booked a place to stay, it then moves on to focus on all of the different

places you can sight see such as Doi Suthep and Phuping Palace. You seriously will have plenty of ideas for what you want to do after going over this book. Finally it goes over all of the different spas, which I love, and approximate costs and things like that. Definitely worth the investment if you're considering traveling to Chiang Mai!

I've been looking for the best hotels in Chiang Mai and this book has them all! I love the look of the Dhara Dhevi hotel and their spa too. Luxurious Chiang Mai has helped me plan my whole holiday, from start to finish. Recommended for all travellers from the US, not just wealthy ones - Chiangmai seems so affordable.

I bought this travel guide back in December last year and it was great! I found a lot of useful information that was not readily available on the internet. We got a really good deal for our spa package and hotel. The author has clearly done her research.

What a great book about Luxurious Chiang Mai. I really impressed by reading this book. I would like recommended for all the people.

Perfect guide for finding the best places in Chiang Mai. It gave me some really great ideas.
