Janet Klug is president of the American Philatelic Society, vice-chairman of the Smithsonian Institution's National Postal Museum's Council of Philatelists, and a fellow of the Royal Philatelic Society in London. She also writes monthly collecting columns in a number of publications, including American Philatelist, Stamp Collector, and Global Stamp News.

I have been collecting stamps for many years now and wanted to purchase a book for two young kids I know to get them started - I can not tell you in this brief review how great this book is - it has excellent information and large color pictures of various stamps including one blue stamp from the US Columbus series - if you want to learn yourself and are just starting out or want to give as a gift

this is a very well done and colorful book ! I would give it ten stars if I could !

Great book and great for beginners!

Janet Klug, a well known philatelic author who is very active in the philatelic community, has written a book you definitely want to have in your collection of philatelic literature. I read this book for cover to cover, and enjoyed every page.

My grandmother left me some old stamps that I really wanted to dig into and find their worth. I love this and this is/was very helpful.

Thank you

Nice

This book is well-written and decently researched. It doesn't "dumb down" the subject for kids, it's written clearly and directly, and is decently illustrated. Recommended.

Very informational!
